PIXIE

Meet Pixie – proof that the smallest ponies often leave the biggest hoofprints. ❤️

Pixie may be the smallest member of our herd, but she's full of confidence, cheekiness and charm. This little Shetland loves attention, tasty treats and reminding the bigger ponies who's really in charge! Whether she's making people smile with her playful personality or enjoying plenty of cuddles, Pixie is loved by everyone she meets. Tiny in size but huge in heart, she's proof that the smallest ponies often make the biggest difference.
